this complimentary seminar**

Required Courses! Prevention of Medical Errors & Prescribing Controlled Substances

Michael R. Ragan, DMD, JD, LLM
Tuesday, September 14, 2021 6:00-9:15PM

Prevention of Medical Errors: The purpose of this course is to provide health care professionals with an overview of the problem of medical errors, factors contributing to the occurrence of these errors, and steps that can be taken to reduce medical errors.

**Preventing Medical and Dental Errors That
Lead to State Board Complaints:**

Dr. Tom McCawley, State Board member

Prescribing Controlled Substances:

Regular use of opioids can lead to dependence and lead to addiction, overdose, and death. Every dentist must have training to decide when opioid medications should and should not be used.

Dr. Michael R. Ragan is Managing Partner of a Miami based law firm with 25 years of experience as a defense trial attorney. He received his undergraduate degree from Syracuse University, a D.M.D. from the University of Pennsylvania School of Dental Medicine, a J.D. from Georgetown University Law Center, and a L.L.M. in Health Law from Loyola University College of Law. Dr. Ragan has held academic appointments at several universities. He practiced dentistry for fifteen years and also spent seven years supervising healthcare professional liability claims within the insurance industry. Dr. Ragan is a Medico-Legal Consultant to the Fortress Insurance Company.
